

Faith and Healing Prayer

Lord,

I come before You to ask in faith for You to heal me.
I know You can heal me because You can do anything.
But I also believe that You are sovereign over everything.

I choose to trust You and surrender to Your plan for my life. Even if that plan includes things I would rather not face.

I know You love me. I know You are for me. And I know You are with me.

So, anything You allow in my life will be used for Your glory and my good.

Therefore, I choose to trust You and ask that You either heal my body. Or give me the strength to live every day for You . . . with a broken body.

Thank you, Lord.
